

**ANNEX 1.3 Self-assessment questionnaire****Reflecting on your Teaching Practice: Self-Assessment Exercise**

These reflective questions are framed to support you as you consider and plan your professional learning and development before and after the PROMOVET Training Programme.

1. How will I use the PROMOVET Training to support me to identify areas of learning and development to enhance my knowledge, understanding and practice?
2. What aspects of PROMOVET do I find most challenging? Why? How could these challenges be addressed?
3. Are the relationships that I have with my students helping or hindering their ability to learn?
4. What development needs do I have in relation to enhancing my pedagogical expertise?
5. What new strategies have I tried lately that might benefit a student I am working with?
6. In what ways do I engage with professional literature, theory, research and policy to challenge and inform my thinking and practice when working with young people?
7. How has my practice developed in order to improve outcomes for all learners especially in relation to technological advancements? How do I know?
8. Are the relationships I have with my students conducive to creating a collaborative culture focused on learning?
9. What evidence of impact do I have? What does this tell me about my practice?
10. How could I use PROMOVET to support my professional learning and to recognise and develop expertise in specific areas promoted by the project?
